

Eternity Ironworks in Worcester has an immediate need for a CNC Machinist/Programmer, available for a short-term (2-4 week) contract position. Applicants with experience generating tool paths from Solidworks with Fusion 360 and operating a 3-Axis CNC Mill (1996 Fadal VMC 4020) preferred. Compensation negotiable; knowledgeability & efficiency are key. Satisfactory completion of this project will lead to many future opportunities with us.

Our facility ([www.TheWorcShop.com](http://www.TheWorcShop.com)) is open 24/7, so hours are flexible; estimated need is 20-40 hrs per week for duration of project. If interested, please supply a resume to [eternityironworks@gmail.com](mailto:eternityironworks@gmail.com). For more information about the project, call Randal Gardner-Meraki at 413 272-9550, ext 101.
